## Northeast Wyoming Regional Airport

### Directors Report

Todd Chatfield

June 16, 2021

1. **Airport Statistics**

Total passengers for May were 3,659 compared to 2,750 in April. In comparison May of 2019 were a total of 4,761 and April 2019 with 4,454. So, we are starting to get back to numbers seen before the COVID pandemic hit. In May we had 2 flights a day except for on Tuesdays and Wednesdays. For June and July, we are back to 3 flights a day every day. Looking at advanced bookings we may need to go back to two flights a day on Tuesdays and Wednesdays if bookings don't start to increase.

2. **Sign Construction**

The sign construction was completed last week except for the two signs that didn't get ordered. Staff realized that two signs were overlooked and have asked Epcon Signs to give us a price for those.

3. **Fly-In Committee**

Airport staff is working on and scheduling meetings with other entities for the fly-in scheduled later in the summer. Currently, it seems like we have lots of interest from the community and aviation groups. I will keep the board up to date with this as it progresses.

4. **Next Airport Board Meeting**

The next airport board meeting is scheduled for July 21 and will be a quarterly meeting with the County Commissioners. I will check to see if the commissioners have an agenda and have anything to discuss with the airport board.
