RE: EDA-HDQ-ARPBBB-2021-2006976 FY 2021 American Rescue Plan Act
Build Back Better Regional Challenge

Dear Mr. Christopherson:

Northeast Wyoming Regional Airport enthusiastically supports Energy Capital Economic Development's proposal responding to the U.S. Economic Development Agency's Build Back Better Regional Challenge.

Reimagining coal as a feedstock for producing high-value products that enable decarbonization offers the potential to change the landscape and economic prosperity of coal communities, while unlocking the value in coal to enable profitable solutions to global imperatives such as decarbonization. Northeast Wyoming Regional Airport is eager to participate in the innovation and human capital development embodied in your vision, thus advancing the health and welfare of humanity and planet earth.

Northeast Wyoming Regional Airport offers expertise in providing local business with access to the global market. We will help retain and attract business to the community, thus providing jobs and economic prosperity for our area.

Energy Capital has formed a comprehensive team of project participants. Northeast Wyoming Regional Airport will assist Energy Capital however we are able in this project. If the technical and business case are shown to be meritorious during Phase 1, Northeast Wyoming Regional Airport will provide additional support and assistance.

Northeast Wyoming Regional Airport looks forward to assisting Energy Capital and its team on this promising and interesting project.

Sincerely,

Todd Chatfield C.M.
Airport Executive Director
