BACA Mission Statement

Bikers Against Child Abuse (BACA) exists with the intent to create a safer environment for abused children. We exist as a body of Bikers to empower children to not feel afraid of the world in which they live. We stand ready to lend support to our wounded friends by involving them with an established, united organization. We work in conjunction with local and state officials who are already in place to protect children. We desire to send a clear message to all involved with the abused child that this child is part of our organization, and that we are prepared to lend our physical and emotional support to them by affiliation, and our physical presence. We stand at the ready to shield these children from further abuse. We do not condone the use of violence or physical force in any manner, however, if circumstances arise such that we are the only obstacle preventing a child from further abuse, we stand ready to be that obstacle.

Backpack food includes easy-to-prepare, ready-to-eat foods, like oatmeal, apples, mac and cheese, and soups.

Why Do We Do It?

There are 20+ million children in this country who are at risk of hunger. The consequences of hunger are much more than a growling stomach. Poor nutrition can result in a weaker immune system, increased hospitalization, lower IQ, shorter attention spans, and lower academic achievement. Children are fed during the school week by federal government programs, but we want to make sure they're getting nutritional meals over the weekend, too.

Blessings in a Backpack is a 501 C (3) non-profit organization currently feeding nearly **750** children in **all elementary schools in Campbell County and Moorcroft**. The program is a hybrid of private sector funding and public partnership carried out in public schools. We are feeding the future of America, one school at a time.

AFCD and POWER: (Personal Opportunities with Employment Responsibilities) POWER's goal is to have 100% of program participants working on a plan to achieve self-sufficiency and self-responsibility. This can be accomplished through a combination of employment, child support, and other appropriate sources. POWER is a time-limited, pay-after-performance program which assures that family members are working on a plan to become self-sufficient. Each family will be limited to five (5) years of a combination of AFDC benefits and POWER payments. Eligibility is determined by gross income and resources. Documentation is required for everything. After an intake meeting, appointments are made with a caseworker. Client must bring to this initial meeting birth certificates, Social Security cards, court orders such as paternity papers or divorce decrees, bank statements, vehicle registration or titles, proof of educational grants, loans or scholarships, proof of income, proof of child care expenses and proof of shelter expenses. After six months each case will be reviewed to verify income. At that time, all of the initial paperwork must be re-done.

Food Stamps: Food stamps are issued after proof of economic need is established. Food Stamps are issued through the use of the Pay West Electronic Benefit Issuance (EBT) card. The cards are automatically loaded during the first four days of the month, depending upon the letter of the alphabet you last name begins with. The review for food stamps is based on the income and expenses of the client and could be reviewed as often as every month and as long as every six months. It is not necessary to be on AFDC to receive food stamps

Child Care: Income eligible parents can receive assistance to pay for child care while working or attending school.

Eye Care: "Give a Day" eye care provides eye exams and glasses for four individuals each month. These are donated by four local optometrists. A once in a life time benefit

Burial: No-frills burial provided for the indigent.
